5	0	0	1/6	1/6	1/6	1/6
6	CURE	CURE	CURE	1/6	1/6	1/6

Death Results Table

The result is the fraction of the player's infected units that die this turn (round down).

Catastrophic Kill: If a unit is removed from a multi-center region, that space is permanently depopulated. Only one space can be affected in a player's turn, and no more than half a region's sites can be destroyed this way (round up).
